**Subject: - Testimonial for BLAZO 25 BSIV Tipper**

We M/S Atlanta Ltd In the month of January 2018 we purchased 9nos. Mahindra BLAZO 25 BS IV Tipper, we are currently working on road construction in Assam (Khowang) and operated these vehicles to carry road construction materials in different parts of our site.

Mahindra people done day 1 establishment which help my driver to understand the unique feature of MAHINDRA vehicle like multi-mode function, Adblue function and its uses, also understand the entire product very closely. They also done trial to track the KMPL & AdBlue consumption of the vehicle were we got this below reading and result is satisfactory.

Model & Emission	Route	GVW (T)	Payload (T)	Start Kms/hrs	End Kms/hrs	Distance Covered	Fuel/adblue (Ltrs)	Fuel Avg
Blazo 25 BS4	Khowang	45.5	35	7501	7663.5	162.5	65	2.50
Done 12 Trip from loading to unloadin point				FE in DIS	2.43 KMPL	% Ad blue consumption	2.4	4%

My driver is satisfied by the vehicle pulling and cabin comfort, and getting good after sales response from local dealer and Mahindra after-market team with this performance & response, I am happy & looking forwarded for more Mahindra vehicle to be added in my fleet.

Hoping for same response in future.

Looking for long terms relationship with Mahindra & Mahindra Ltd.

Thanking You

Yours Sincerely

Authorized Signatory
