Subject- Mahindra Blazo 25 T BS4 Vehicles Performance

Dear Sir

We are Privileged customer to buy Mahindra & Mahindra & have been buying regularly.

We SMK Construction have purchased 20 nos of BLAZO 25 T BS4. All vehicles are running in tipper application by carrying Fly Ash.

Performance of the vehicles are very good, due to better fuel millage & driver comforts are giving main focus to drive Mahindra Vehicles.

We are getting good service support from the Local Sales & service team. Before I faced the problem of FE millage but after the support of local team & by the company expert drivers I got the better millage which is more benefit for me. Also the company drivers are very supportive & they provided the driver training to my driver in my site.
