Nahan Road, Bhatan Wali, Paonta Sahib (H.P.)

To,

Ref. No.
Area Business Manager:

Date 05/09/17

Mahindra & Mahindra Ltd.

Trucks & Bus Division.

Chandigarh AO.

We M/S YESHPAL SHUTTERING STORE recently purchased 06 no's MAHINDRA BLAZO 31 Tipper BS4. My total fleet size is 18 no's, I have 07 no's TATA 2518 Tipper BS III and 01 no's AL 2518T BS III on same application. As my expectation, MAHINDRA BLAZO proved better performance and mileage as compare to other competitors.

- In Hilly terrains, engine performance is better and comparatively mileage better.
- With the use of FUEL SMART TECHNOLOGY, we are capturing expecting mileage in every trips.
- At initial trip Mahindra team member came with me for on-board training, it helps me to get more clarification regarding BLAZO range

Fuel Average:

Parameters	BLAZO 31 TIPPER BS IV
Fuel Average	2.8-3.2 kmpl
Ad Blue Consumption	2 %
Load In (Tons)	31-33 tons GVW
Load Carried	SAND

I am achieving 6 % more Fluid mileage (including Diesel & ad Blue) & TURN AROUND TIME is better compare with 25 Tonner BS III vehicle.

I am here by satisfied with MAHINDRA SALES & SERVICE TEAM. I will recommended BLAZO range vehicle around my fleet operators

Yashpal Shuttering Store
Balwinder Singh
Regards.
