To,  
Mahindra and Mahindra Ltd,  
Ahmadabad.

We, Shree Mahadev Transport Co. Sister concern Company of M/s. Harsiddha Transport Co have a total fleet of 75+ trucks in our group mainly with TATA and AL.

Out of 75+ trucks we have recently gone for a 1 no. of Mahindra BLAZO 40 BS IV vehicle in Oil Tanker Transportation business.

The decision was really tough for BS IV with a hype in market about SCR & EGR technology for achieving BS IV regulations, but finally I am very much satisfied with my decision.

Mahindra team has done the vehicle performance establishment with company master driver – On Gandhidham-Udaipur-Baroda-Morbi-Gandhidham, got 3.22KMPL in Total 1446.1 Km (Empty running 224.6Km) Diesel consumed 449 ltr & Ad blue consumed 9.5Ltr.

I am very much satisfied with BLAZO BS IV performance.

The experience with MAHINDRA BLAZO PRODUCT performance is very satisfactory and our drivers very happy with product performance, pick up, better cabin futures & better fuel economy. I am strongly recommending to my fellow transporters to go for good product like BLAZO.

With Regards,

Mr. Sanjay Thakkar
