Mahindra and Mahindra Ltd

Truck and Bus Division, Jaipur

Sub - Appreciation letter for Mahindra Blazo vehicle performances and Service support.

We M/s Manak Lal Sahu owner of Shri Durga Transport Company, Nimbahera. We have total fleet size of 30 trucks including 18 No. of Mahindra (14 no. of Blazo 49BS3 & BS4 and 4 no. of Traco 40). We are operating this vehicle mainly on Nimbahera to Jhalawad route in Bulker application with one side overload load.

We are very happy with Mahindra Blazo performance and service Support.

My observation of the Mahindra truck is as follows,

1. Best Fuel Efficiency - Blazo 49 BS4 FE - 2.91kmpl Ad-blue consumption is 3.0 - 3.5%.

Model	Route	GVW - Ton	Material	FE	Ad-Blue Consumption
Blazo49 BS4	Nimbahera - Jhalawad (Kota)	60-62	Cement	2.91 kmpl	3.0 - 3.5%

2. Wearing parts like clutch plate/disc or brake lining life is better than other vehicle. As of now my vehicle covered 1,00,000kms but I have not changed clutch or brake liner also not facing any major issue.
3. The product is very reliable without any major breakdown so that I have not made any losses.
4. There is no abnormal tyre wear issue in Blazo 49 and getting a life of 90,000 kms compare to Tyre life in TATA 4923 AS 75,000 kms.
5. Due to excellent cabin comfort my drivers are able to cover more 100kms /day.
6. My fleet drivers are giving positive feedback on Blazo 49 pick up compare to other vehicles and they can cover more kms at a stretch due to better cabin comfort and it is observed that monthly kms coverage by Blazo is 7000 kms where as TATA / AL is covering only 6500 kms in same application.
7. A benefit of 01 trips per month is easily visible in Blazo compare to TATA & AL.
8. Low maintenace cost.

I will recommend other Transporters to buy Mahindra Trucks.

Thanks & Regards, For: *Shri Durga Transport Company*
