mPOWER 7.2L, 239 kW (320 HP) ENGINE

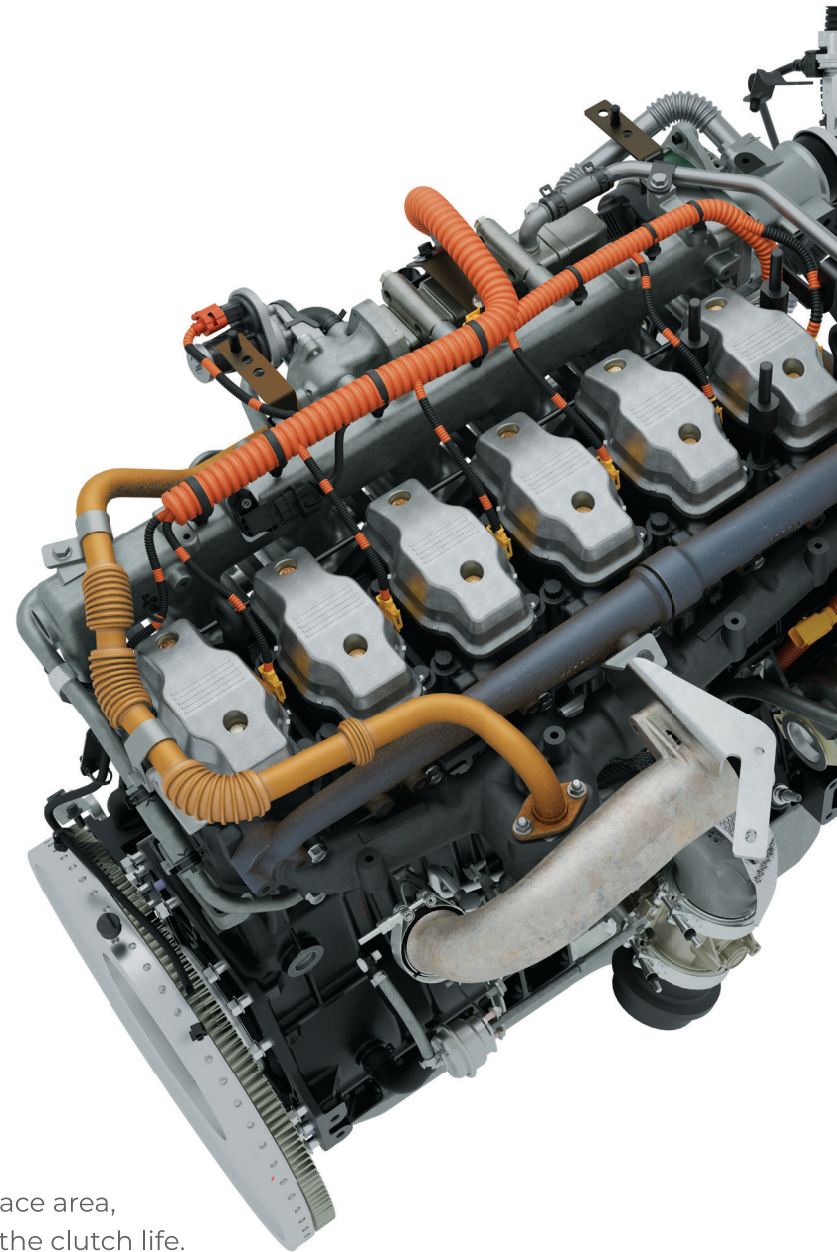

Enhanced 239 kW (320 HP) mPOWER engine delivers higher low-end torque for superior drivability, higher fuel efficiency, and effortless performance across every journey.

OptiFuel

A smart compressor with auto cut-off feature optimizes engine power based on real-time air demand, reducing unnecessary fuel consumption and improving overall fuel efficiency.

Turbo MAXX

Equipped with a new, high-efficiency turbocharger, that delivers higher boost pressure with reduced bearing friction. This enables higher power and torque output while enhancing overall fuel efficiency.

430 mm Dia Clutch

The 430 mm Dia clutch with larger contact surface area, integrated with clutch wear indicator to gauge the clutch life. Applicable for 9 speed transmission vehicles. Bigger clutch enables superior fuel efficiency.

ENHANCED RELIABILITY - 276% RELIABILITY ENHANCEMENT ACROSS 150+ PARTS

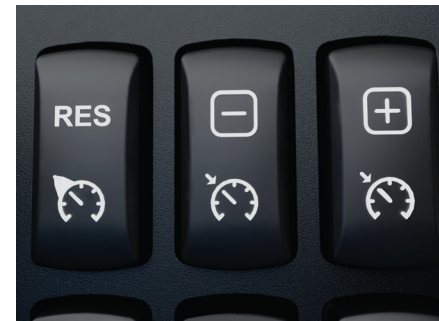

COMFORT THAT TAKES PRODUCTIVITY HIGHER.

A productive journey starts with a driver who stays comfortable and in control. From ergonomic seating to intuitive features, every element of the BLAZO i-TRK cabin is designed to improve comfort, reduce fatigue and support higher productivity.

New Fascia Cabin

Designed around the driver, the 4-point suspended cabin delivers superior comfort throughout strenuous drives. Complementing it is a bold new fascia, refreshed body colours and corrosion-resistant panels that combine modern styling with lasting durability.

EzyCruise

EZYCRUISE is designed to deliver superior driver comfort by reducing fatigue and supporting longer driving hours. It is one of the most convenient and easy-to-operate cruise control systems in its segment.

Music System

The integrated music system features FM/AM radio, USB charging and media playback to keep every journey entertaining. Bluetooth connectivity and hands-free calling keep drivers connected on the move.

COMFIMAXX

COMFIMAXX seats deliver exceptional ride comfort across different driver body types and road conditions. Enhanced ergonomic design and posture support reduce fatigue, maximise comfort on long journeys and improve driver productivity.

**AB BUSINESS
KA CONTROL**

ZYADA CONTROL
iMAXX 2.0 for full business control

MISSION CONTROL FOR YOUR PROFIT ROCKET.

Every profitable journey begins with smarter solution.

iMAXX 2.0 is the intelligent command center behind the **BLAZO i-TRK**, giving you complete visibility into your fleet, drivers and vehicle health in real time. From predicting issues before they become breakdowns to improving efficiency across every trip, it helps keep your trucks moving, your business growing and your profits on course.

SMART ALERTS

Stay informed before small issues become costly delays.

Continuous Driving

Alerts you when a truck has been driving continuously for over 4 hours, helping improve driver safety and reduce fatigue.

Night Driving

Tracks vehicle movement during custom off-hours to help monitor fleet usage and ensure security.

DPF Alerts

Notifies to regenerate the DPF in time, preventing breakdowns and reducing downtime.

PERFORMANCE BOOSTER

Turn fleet data into better business decisions.

Score MAXX

Measures driver performance to help maximise fuel efficiency, safety and productivity.

Fleet Sense Reports

Detailed fleet reports that reveal trends, opportunities and operational insights.

Actionable Insights

Clear recommendations that help improve performance and increase profitability.

FLEET EFFICIENCY

Optimise every truck,
every trip and every litre.

Vehicle-to-Vehicle Comparison

Compare over 35 performance
parameters across your fleet to
identify your best-performing trucks.

Fuel & AdBlue Theft Detection

Accurately detects fuel or AdBlue
theft with quantity, location and
time details.

AC Insights

Monitors AC usage, including
idling, to reduce unnecessary fuel
consumption.

CAR-LIKE SMART FEATURES

Convenience meets intelligent
fleet management.

Remote Immobiliser

Disable your vehicle remotely for
enhanced security whenever
required.

Remote AC Usage Control

Control the cabin AC usage remotely.

Distance to Empty

Plan journeys more efficiently
with accurate distance-to-empty
information.

PROACTIVE VEHICLE HEALTH

Know your truck before
your truck tells you.

Air Filter Choke

Get notified when the air filter
needs attention to maintain peak
engine performance.

DPF Soot Level

Monitor soot accumulation in real
time to schedule timely
regeneration.

Regen Inhibit

Receive alerts when regeneration
is interrupted, helping prevent
performance issues.
