Subject: - Testimonial for BLAZO 25 BSIV Tipper

We M/S Tribeni –Oriental (j.v) In the month of January 2018 we purchased 2 nos. Mahindra BLAZO 25 BS IV Tipper, we are currently working on Dhubri Medical College & Hospital Project at Dhubri, Assam and operated these vehicles to carry construction materials in our site.

Mahindra people done day 1 establishment which help my driver to understand the unique feature of MAHINDRA vehicle like Cluster function, multi-mode function, Adblue function and its uses, also understand the entire product very closely. They also done trial to track the KMPL & AdBlue consumption of the vehicle were we got this below reading and result is very satisfactory.

Model & Emission	Route	GVW (T)	Payload (T)	Start Kms/hrs	End Kms/hrs	Distance Covered	Fuel/adblue (Ltrs)	Fuel Avg
Blazo 25 BS4	Dhubri Medical College and Hospital, Dhubri	24.8	14.4	6202.2	6284.7	82.5	46.8	1.76
Done 6 trips from loading to unloading point at Dhubri site				FE in DIS	1.84	% Ad blue consumption	2	4%

We are satisfied by the vehicle pulling and cabin comfort & KMPL.

We are glad by the response of Mahindra After sales support, looking forward for same response in future.

Looking for long terms relationship with Mahindra & Mahindra Ltd.

Thanking You

Yours Sincerely

Authorized Signatory
