Subject: Blazo 25 & 31 BSIV Model Performance

We are into transportation business since 1965, we had provided our fleets for the transportation of Arms and Ammunition at the time of India Bangladesh War in 1970s since then we are a company of values and ethics and that is what which drove us to this level. We have a total no of 80 vehicles in our fleet consisting of different OEM'S like TATA, ASHOK LEYLAND and MAHINDRA. We had recently bought 10 no's of Mahindra vehicles (Blazo 25, Blazo 31 & Blazo 37) and the commitment of mileage guarantee stands tall as the recent trails are the testimony to the fact. I am very much satisfied with the efforts led by Sales & Value establishment team. We are plying in tanker segment application in different routes. We are saving 15 liters fuel per tripon the same route as compare to competition vehicles (Route: Haldia to Birbhum to Haldia)

WE are saving fuel cost approximately 10000/- per vehicle in a month from Mahindra vehicles than competition vehicle

Succeeding confident fact about Mahindra BSIV Vehicles

- Multimode switch
- Comfort Cabin
- Engine power
- Driving effortlessly
- Ad blue consumption
- TAT

Drivers are very happy to drive Mahindra vehicle, compare to other vehicles. Mahindra Sales & service crew are very supportive. Service support from Now24\*7 is noteworthy I extremely glad about the vehicle performance & we are getting more benefits from Mahindra trucks & would recommend Mahindra trucks to other transports too.

Regards,
