Sub-: Performance appreciation of Mahindra Blazo (MAV) in my Fleet.

We, M/S Mundian Auto Carriers, are happy to share our experience with you, about the performance of Mahindra Blazo vehicles in our fleet. We have total 60 no's of fleet size including TATA, AL, Eicher & MAHINDRA. In our fleet we had 10 no's of Mahindra MAV.

We had 05 no's Blazo 35 BS IV operating on car/tractor carrier on All India Route, 02 no's Blazo 37 in MLO application on Jaipur-Punjab route in our fleet.

We are operating our fleet since 2000. As per our experience with Mahindra BLAZO, following observation are noted:

Vehicle Performance BLAZO.

- The Comfort of the cabin is fatigue free compared to other competitor. Drivers are very happy and are driving more kms compared to other vehicles.
- Fluid economy is better improving profitability. The BLAZO 35 is giving a diesel mileage of **3.4-3.8 KMPL**, BLAZO 37 vehicles are giving the KMPL of **3.7 to 4.0** (One side load/one side empty). The add-blue consumption is also less. It is consuming 1.5-2 % add blue whereas the others consume more.
- Engine power is excellent helping the drivers to complete trips in lesser time period and also better drivability using smart switches. Now it's possible for us to have more trips per month with Blazo.
- BLAZO vehicle is fitted with fuel smart switches having 3 different modes - Light, heavy & Turbo mode. This technology helps us on both segment for better Fluid economy & turnaround time.
- Tyre wear and tear of Blazo vehicle is less than others, we have advantage of 6000 Km tyre life than other.
- The team is really supportive, may it be sales or after sales, they are prompt in helping us with solution. Now 24X7 call centre is helpful regarding any break down.

I am here by satisfied with the Mahindra Sales & Service support. After purchase of Mahindra vehicle in our fleet, we have not purchased any other competitor. I would recommend BLAZO range to all transporters and fleet operators.
