To,

Mahindra and Mahindra Ltd,

We, Avenue Roadways have a Total fleet of 35 Trucks in our fleet. Tata-8 nos, Leland – 16nos, Mahindra – 9nos, Eicher – 2nos. Which are utilized in Market load business. We are running the vehicle from Abad to Punjab to ahmedabad and in all over india.

I am satisfied by Diesel consumption is less then competition.

Mahindra Team has recently conducted trial of Blazo 37, for which the result is as below:

Trial no 1:-

Vehicle	Mahindra Blazo 37 (GJ01ET5490)
Route	Abad-parbatsar-yamunanagar-abad
Application	MLO
Road Conditions	61% Four Lane, 36% Single Route, rough- 3%.
Total Running	2664.6 KM
Fuel Consumption	740.68 Ltr

The performance of the Blazo 37 is satisfactory. As per my experience Blazo 37 is really good product and suitable for chemical tanker application.

I will surely recommend this product to other transporters and willing to purchase few vehicles also from Mahindra in future.
