Truck & Bus Division
Kolkata AO

Subject: Blazo 37 BS4 Performance

Dear Sir,

We are M/S T N SINGH Transport Company, In market load business since last 30 years having contact with reputed company like Castrol oil PVT LTD, All vehicle Playing from Kolkata to Kanpur route under National permit Our current fleet size near about 150 vehicles which Includes TATA , ASHOK LEYLAND & MAHINDRA . WE have purchased 2 no of Blazo 37 recently. Value establishment trail done & results are given below

Model & Emission	Route	GVW (T)	Payload (T)	Start Kms/hrs	End Kms/hrs	Distance Covered	Fuel/adblue (Ltrs)	Fuel Avg
Blazo 37 BSIV Multimode	Pardankune to Bardwan to Durgapur to Asansol to Dhanbad to Choparan to Varanasi to Elahabad to Kanpur to Sumerpur to Kolkata	37220/36900	25000/24800	10382.4	12510.4	2128	587	3.63
				FE in DIS	3.8	% Ad blue consumption	3.900	1%

Highlighted points of Mahindra Blazo vehicle

- We are pleased about Mahindra door step service
- Fuel average is better than competition (30 liters per trip)
- 6 Speed gear box easy to drive
- Cabin comfort
- Ease to drive & comfortable riding
- Power steering
- Multimode fuel smart switch is very useful

Overall we are very much satisfied with the service & product performance hence, we are recommending Mahindra Blazo trucks to our associates and expecting the same service support in future.

Regards,
M/s T.N. SINGH
