Sub- Regarding satisfaction of Blazo 37 Pusher Axle BS4 and Blazo 49 BS4 vehicle performance and Fuel economy

Dear Sir,

We M/S G S Express maintaining fleet size of **150 nos of trucks** including **12 no's of Mahindra BLAZO 37 Pusher Axle BS4**, **24 no's of Mahindra BLAZO 49 BS4**, 25 no's of AL, and 89 TATA vehicles. We are plying these vehicles in Lucknow-Jhansi, Lucknow-Kabrai, Lucknow-Basti and Lucknow-Chatisgarh route in Grit, construction aggregates and Steel application. In our initial experience found that BLAZO 37 and BLAZO 49 is really good products and suitable for any above application.

Testimony for Mahindra BLAZO: -

- ✓ The engine power and pick up is excellent in BLAZO and hence vehicles reach the destination at expected time.
- ✓ Our driver is giving positive feedback on BLAZO vehicles for performance, cabin comfort and pickup compare to other vehicles.
- ✓ They can cover more kilometers at a stretch due to better cabin comfort.
- ✓ Apart from sturdy engine gearbox, differential, clutch plate and brake liner are robust and performing well.
- ✓ Multimode technology is very good for us during load and empty condition, it is giving a extra benefit to our business.
- ✓ Mahindra sales and service team is very supportive.
- ✓ Service support from dealer team is very good.
- ✓ Vehicles are continuously monitoring from MTBD executives to deliver the best fuel average.

I will happily recommend this product to other transporters and also willing to induct more vehicles in our fleet.

Thanking You,
