REF. NO. : _____

DATE : _____

Date: 19th March 2018

To,

Mahindra and Mahindra Ltd,

Ahmedabad.

We, Acidchem Corporation have a Total fleet of 55 Trucks in our fleet. Tata- 2nos, bharatbenz – 17nos, Mahindra – 15nos, Eicher -8nos, Leyland – 13nos which are utilized in chemical Tanker transportation application. One of our route for Transportation is from Vapi to Bhavnagar via Padra. We are satisfied by Diesel consumption for the vehicle on this route and it is found comparable or better over other competition. Mahindra Team had conducted trial of Blazo 37 BS4, for which the results are mentioned below:

Trial no 1:-

Vehicle	Mahindra Blazo 37 BS4 (GJ18AZ5017)
Route	Vapi-padra-bhavnagar-vapi.
Application	Chemical Tanker
Road Conditions	42% Four Lane, 55% Single Route
Total Running	924.4 KM
Fuel Consumption	208Ltr
Fuel Economy	4.44KMPL
Adblue	2.8 ltrs (1%)

The performance of the Blazo 37 BS4 is satisfactory. As per our experience Blazo 37 BS4 is good product, suitable for chemical tanker application. We had conducted second trial with our own driver and got Fuel Economy-3.97KMPL.

We surely recommend this product to other transporters and are willing to purchase new vehicles from Mahindra in future.

With Regards,

Acid Chem Corporation.
