Dear Mahindra Team,

We wish to introduce ourselves as **M/S. Jain Bulk Movers** based in Chendrapur, we are into transportation of Cement from (Ambuja cements) Gadchendur to Beed.

Coming to the performance of the vehicle is very good and also we are getting good millage from both the models. **We are saving 20 liters of fuel per trip in Mahindra Blazo 40 with comparison to TATA. By seeing the performance of Mahindra Blazo 40 BSIV Model I have purchased 10 Mahindra Blazo 37 vehicles in last two months. Also I have placed the order of 10 more Mahindra Blazo 37 vehicles.**

Also they have conducted FE Trails, driver trainings and mechanic trainings in our site & at Ambuja cements.
