Mahindra & Mahindra Ltd.

(Trucks & Bus Division),

Chandigarh AO.

Sub-: Appreciation Letter.

We **M/S R&R UDYOG PVT.LTD** are happy to share our experience with you, all about the performance of our Mahindra Blazo 49 BS IV vehicles. We have total 40 no's of fleet size, from that 10 no's BLAZO 49 BS IV.

We are operating our fleet on Aggregate supply for last 08 years. As per our experience with MAHINDRA BLAZO, we are getting better Fuel efficiency and pick up than other competitors. We observed first 05 no's and after that we done repeat purchase of 05 no's.

Mahindra vehicles have 7-9% of fuel advantage than to other competitor vehicles, below table shows.

Fuel Average:

Parameters	Blazo 49 BS IV
Fuel Average	3.1- 3.20 kmpl
Ad Blue Consumption.	3 Ltr Adblue for 100 Ltr Diesel
Load Carried	Aggregate Supply
Route	Pali-Narnool-Pali(Haryana)

Vehicle Performance:

- The Comfort of the cabin is very good helps to cover more trips and better reach time.
- Mahindra having heavy aggregates and robust chassis for better driveability compare with other competitors.

I am here by satisfied with the Mahindra Sales & Service support. I use to recommend BLAZO range to fleet operators.

**Regards**

For **R&R Udyog Private Limited**
