To,

Mahindra and Mahindra Ltd

Truck and Bus Division, Jaipur

Sub – Appreciation letter for Mahindra Blazo vehicle performances and Service support.

We M/s Bherulal Daroga. We are operating this transport last 6 years now we have total fleet size is 20 trucks mainly AL 4923 and Mahindra Blazo 49 including 12 No. of Mahindra Blazo 49 BS3 & BS4. We are operating this vehicle mainly in Tractor-Trailer (Zinc/Iron ores and Coal) application on Bhilwara – Morbi – Kandla – Beawar - Bhilwara route in both side rated load application. We was first time purchased Mahindra vehicle in Apr 2016 now we have total 12 no. of Mahindra trucks. We are very happy with Mahindra Blazo performance and Service support from Mahindra team.

My observation of the Mahindra truck is as follows,

1. Best Fuel Efficiency – Blazo 49 BS4 FE is 2.75-2.80.kmpl Ad-blue consumption is 3 -3.5% as compare to AL 4923 is 2.65-2.70 kmpl.

Model	Route	GVW - Ton	Material	FE	Ad-Blue Consumption
Blazo49 BS4	Bhilwara – Morbi – Kandla – Beawar – Bhilwara	34 -36	Zinc & Coal	2.75 – 2.80kmpl	3 – 3.5%
AL 4923 BS4	Bhilwara – Morbi – Kandla – Beawar – Bhilwara	34 -36	Zinc & Coal	2.65 2.65kmpl 2.70	

2. My vehicle already covered 150,000kms/2yrs without any major issue or breakdown.
3. There is no abnormal tyre wear issue in Blazo 49 and getting a life of 1,00,000 kms compare to Tyre life AL4923 95,000 kms.
4. Longer oil change interval and low cost spare part of Mahindra Trucks gives me a distinct advantage of Rs 10,000-12,000/year as compare to AL & TATA.
5. Driver are very happy with cabin comfort and less blind area and less turning circle and fuel FE.

I will recommend other Transporters to buy Mahindra Trucks.

Thanks & Regards,

महेलाल
