

TIME TO SWITCH,
AND WATCH YOUR BUSINESS GROW!

MAHINDRA'S LIGHT COMMERCIAL VEHICLE RANGE.

Presenting the all-new

Mahindra
DI3200

MEET THE MULTITASKERS.

Mahindra's compact and super-versatile Light Commercial Vehicles make multitasking look easy. Be it narrow city lanes or tough mountainous terrains, heavy loads or multiple loads, the Loading OPTIMO & D13200 JAYO can be customised to take on any challenge with ease. Apart from their exceptional load carrying ability, the features in these LCVs are designed to take your business to new heights. The CRDe engine ensures you get best-in-class fuel economy. Low maintenance cost helps you save a great deal. So, whichever Mahindra LCV you choose, we're sure it will always meet your every business need.

The engine that powers the LCVs runs on the advanced Common Rail Diesel engine (CRDe) technology. It has been tried, tested and has 10 years of expertise to ensure that the fuel is always stored and injected at a high pressure, which means better combustion and lower wastage.

ADVANTAGE OF THE CRDe ENGINE

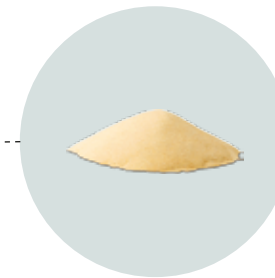

- Optimum power
- High torque
- Great pickup
- Lower maintenance
- Low Noise Vibration Harshness (NVH) levels
- Best-in-class mileage
- Best-in-class fuel efficiency

KNOWN AS A WEIGHTLIFTER.

The OPTIMO comes in a rugged avatar as a construction tipper. Its bigger cargo space and reliable aggregates make it an ideal transport solution for hauling ruthless loads like sand, cement bricks, crushed stones, boulders and other construction materials.

- ◆ Best-in-class body capacity of 2.83 cubic meter (100 Cu.ft)
- ◆ Best-in-class gradeability
- ◆ Best-in-class passing payload of 3585 kgs
- ◆ Best-in-class fuel efficiency
- ◆ Most durable body (floor thickness of 6mm and side wall thickness of 4mm)

optimo
CONSTRUCTION TIPPER

GIVE YOUR BUSINESS AN ADVANTAGE.

The JAYO Reefer is a favourite in the 5t GVW category as it has best-in-class payload capacity. Its CRDe engine is proven and established over 10 years now. Taking sharp turns with more material is no more a hectic task for drivers. JAYO Reefer has a small wheel base and a low turning circle for fatigue-free driving.

- ◆ Engine Driven Reefer Unit with GS or composite material box
- ◆ Flat torque and over drive gear box help to drive reefer unit with surplus power
- ◆ Suitable for application like meat, medicine, ice cream, cakes, frozen food.
- ◆ Temperature range from -20°C degree for chiller to +10°C degree
- ◆ Best-in-class fuel efficiency
- ◆ Factory fitted power steering for fatigueless driving

Container Dimensions	Length	Width	Height
Internal	2794 mm (9'2")	1676 mm (5'6")	1828 mm (6')
External	3098 mm (10'2")	1904 mm (6'3")	1980 mm (6'6")

JAYO
REEFER

JAYO
CONTAINER

CARRIES EXTRA LOAD. BRINGS IN EXTRA PROFITS.

The JAYO Container is what you need when your business demands transporting multiple loads like e-commerce goods, parcel-courier, white goods, FMCG and many others from one place to another, safely. Its best-in-class, fuel efficient CRDe engine and larger cargo space lets you earn more revenue with each trip.

- ◆ Best-in-class loading span of 2926 mm (9.6 feet)
- ◆ Best-in-class passing payload of 2.5 ton
- ◆ Best-in-class fuel efficiency
 - ◆ The compact overall architecture gives extra agility reach to the last mile
 - ◆ Factory fitted power steering for fatigueless driving

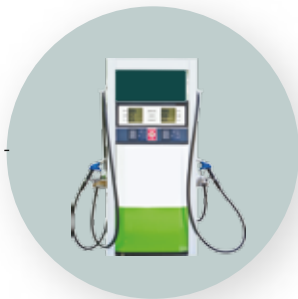

Container Dimensions	Length	Width	Height
	2920 mm (6'2")	2000 mm (9'7")	1870 mm (6'7")

SAVE AND EARN AT THE SAME TIME.

The Fuel Dispenser has a large fuel capacity that allows you to go long distances and helps deliver large amounts of fuel in one trip itself, so you get to earn more. It also comes with a CRDe engine that is fuel efficient, so you save more.

- ◆ Best-in-class payload of 2500 litres, no COE license required as it is a tanker.
- ◆ Best-in-class fuel efficiency
- ◆ Highest loading span on chassis
- ◆ Fuel dispensing mechanism with flow capacity of 70 litre/minute operated by PTO and 35 litre/minute in battery operated meter

JAYO
FUEL DISPENSER

DEALS WITH ALL KINDS OF TRASH.

The JAYO garbage tipper can carry and dispose household, commercial and hazardous waste. Its small size and best-in-class turning radius makes it easy to navigate through narrow lanes. It also has a powerful CRDe engine and FuelSmart Technology that add to the many reasons why you should opt for this tough vehicle.

- ◆ Low TCD of 11.5m & power steering ensure easy manoeuvrability through narrow lanes
- ◆ Best-in-class fuel efficiency
- ◆ Spoiler in the middle for better offloading with arrangement for separate bins for dry and wet garbage
- ◆ Guaranteed better mileage

Garbage Tipper Dimensions	Length	Width
	3048 mm (10')	1804 mm (5'11")

BUILT TO CARRY MORE. BUILT TO EARN MORE.

When it comes to carrying heavy weights, the OPTIMO Container is your perfect transport solution. It's equipped with a powerful CRDe engine for a great performance. The OPTIMO Container is just what your business needs.

- ◆ Best-in-class loading span of 4206 mm (13.8 feet)
- ◆ Best-in-class passing payload of 3505 kgs
- ◆ Assured quality with fully built container option available from manufacturer

Container Dimensions	Length	Width	Height
Short Wheel Base	3020 mm (9'10")	1870 mm (6'2")	2000 mm (6'7")
Long Wheel Base	4180 mm (13'8")	1960 mm (6'5")	2000 mm (6'7")

Advantages of JAYO and OPTIMO

FUELSMART TECHNOLOGY TO EARN MORE.

- ◆ Best-in-class fuel efficiency

WARRANTY TO KEEP YOU WORRY FREE.

- ◆ 1+2* year warranty
- ◆ Excellent after sales service and spares network

*1+2 years or 3 Lac kms (whichever earlier)

PERFECT MANEUVERABILITY FOR PERFECT DELIVERY.

- ◆ A low turning circle diameter to deal with city traffic
- ◆ Exceptional control over the vehicle even in the busiest of streets

CARRY MORE WITHOUT PAYING MORE.

- ◆ Offers extra loading area and double the payload at nominal cost
- ◆ Avoids wastage of cargo space and maximises profit
