INCREASED OIL DRAIN INTERVALS FOR INCREASING PROFITS.

Here's another first-in-the-industry service offering that ensures Mahindra BLAZO X owners have the lowest cost of ownership. Considering rising oil prices and stagnant freight rates, this could be a game changer for you. What we have here for you is a service package that includes increased oil change intervals. This results in a significant saving of 9% per annum for transporters. The other big advantages are reduced lubricant oil prices and making Mahindra trucks even more affordable. Think of the difference this could make to your business year after year. All because you chose a Mahindra vehicle.

— AD BLUE —

AdBlue is a stable, non-toxic solution that is a combination of synthetic urea and de-ionized water. It eliminates exhaust gas re-circulation which results in increased fuel efficiency and savings. AdBlue has a long shelf life of up to 2 YEARS when stored between -11 degree celsius and +32 degree celsius. Freezing and thawing does not change its chemical properties. Travelling through rough terrains, climbing inclined roads or carrying heavy loads over long distances. No matter what your business requires, Mahindra Truck and Bus will deliver what customer desires. This is because at their core is the world-renowned FuelSmart engine. In terms of product configuration and component technology, the new FuelSmart engines are some of the most modern engines in the Heavy commercial vehicle segment in India. But, there's a lot more than just modern components that make these engines a force to reckon with.

THE MAHINDRA TRUCK AND BUS AMC THAT TAKES CARE OF UNCERTAINTIES.

Every Mahindra truck or bus comes with an AMC that is designed to take care of all your trucking needs and any eventualities. So you can always focus on your core business without worrying about separate workshops or vehicle maintenance infrastructure. Look at how many aspects our AMC covers:

- Protection against inflation and fixed cost during the life of the vehicle.
- Protection against unexpected maintenance issues and surge in expenses.
- Guaranteed upkeep as per Mahindra guidelines, resulting in better performance and higher uptime.*
- Access to a pan-India service network that is ultra-modern and fully equipped.
- Fully trained mechanics providing consistent service quality.
- Better resale truck value as it is maintained as per Mahindra guidelines.
- Customisation of the AMC package as per individual requirements.

EXCHANGE AN AGGREGATE WITHOUT LOSING TIME.

Our constant endeavour to provide our customers with the best solutions has now given shape to RECON, an innovative initiative that lets you exchange aggregates that need overhauling for similarly reconditioned aggregates. At a price that gives you maximum value for money.

The best thing about RECON is that our reconditioned aggregates go through the standard OEM process to recondition and undergo rigorous inspection and testing. So that you experience the same level of quality, reliability and durability that is expected of a new aggregate. There are several benefits to both customers, dealers ad service providers.

For customers:

- Increased turnaround time
- Product Warranty
- Pan India service

For dealers and service providers:

- Margins per long block exchange.
- Lesser inventory of spare parts & reduce risk of engine rebuild.

- Consistent and best-in-class quality
- Free Services
- Easy Exchange Norms

CENTRALISED LUBRICATION SYSTEM

ANOTHER SERVICE INNOVATION FROM MAHINDRA.

We've developed the CENTRALIZED LUBRICATION SYSTEM to feed small quantities of grease at more frequent intervals through an automated process. What this achieves is better, more efficient lubrication and a total prevention of wastage when compared to manual lubrication.

- Fresh grease where and when needed.
- Achieves optimum bearing temperature.
- Cleaner maintenance area.
- The right amount of grease fed from a single source.
- No missed-out points.
- Lubrication even in machine running condition.
